

The 3rd IEEE International Conference on Sustainable Energy Technologies (ICSET'12)

24 – 27 September 2012, Kathmandu, Nepal

IEEE ICSET is a regular series of international biennial conferences being planned to bring together professionals and executives in the energy sector, electrical power companies, manufacturing industries, research institutes and educational bodies to share and exchange ideas and information pertaining to sustainable energy technologies.

The Proceedings of the conference will be included in the **IEEEExplore digital library** and indexed by **EI**. Authors are invited to submit a **full paper** in two-column format in one or more of the technical areas identified below. Detailed instructions on the paper submission can be found on the website.

- New Devices and Circuits for Energy Systems
- Photovoltaics and Solar Thermal
- Wind Energy Systems
- Fuel Cells Systems
- Bio-energy and Geo-energy
- Other Sustainable Energy Resources and System
- Energy Storage Systems
- Energy Market, Management and Economics
- Off-grid Isolated Energy Systems
- Energy in Transportation Systems
- Energy Resources for Portable Electronics
- Intelligent Energy, Power Transmission Distribution, Interconnects and Protection
- Energy Efficiency in Utilization
- Environmental Issues
- Energy Harvesting
- Nanotechnology in Energy
- Policy Issues on Renewable Energy
- Building Design and System
- Power Electronics and Energy Conversion
- New Materials for Energy Resources
- RF and Magnetic Field Energy Devices

Please submit your full paper at the conference website: <http://www.ieee-icset.org>

Important Dates

Submission of Papers: **1 April 2012**
Notification of Acceptance: **3 June 2012**
Submission of Final Paper: **8 July 2012**
